UPMINSTER & CRANHAM RESIDENTS' ASSOCIATION

Thinking Ahead – the Future of the Residents' Association

Your Residents' Association in Uppminster and Cranham has a long tradition of looking after our community. The ongoing running of the Association consists of a variety of roles and a support network to ensure letter box delivery of the Bulletin and urgent flyers, subscription collections and the running of the website. The Association is led by an Executive Committee which meets regularly (more recently via Zoom) with a chair, deputy chair, ward representatives and Association Councillors across both wards, plus a treasurer, secretary, Bulletin editor and advertising manager.

Of course, you the residents are a key component and if you think you could be interested to step forward and be part of our future we we'd love to hear from you. It has to be acknowledged we can only benefit from a broader and diverse perspective, and bringing new people along with new thoughts and ideas can only be a positive thing. The composition of the Residents' Association is outlined above, but we should be taking the opportunity now to consider who could be sitting on the Committee in the next 5 or 10 years. How can we garner your interest to get involved, how can we entice the next generation to join us and what benefits can be gained from having some younger members on the Executive and representing the Residents' Association as Councillors, bringing that fresh and diverse perspective.

We need to open our minds and if you have any ideas you'd like to share, or would like to speak to someone who sits on the Committee today to find out more about the role they perform, and how you might be able to get involved, please get in touch.

Every household in this area has benefited from having an active Residents' Association as well as many local organisations that we have had the pleasure to support – please consider how you might be able to support us moving forward.

PAULINE MASTROIANNI

Speeding Vehicles

As reported in previous Bulletins, your local ward Councillors have been meeting with the Council's Traffic Management team to discuss options to reduce vehicle speeding in a number of roads in Uppminster, and asked them to come up with some measures to reduce speeding in our roads. We would like to thank residents for their feedback and have added a number of roads to the existing list. We also use this information/feedback to enable us to share information with the police, and will request that they prioritise their resources, and in turn carry out speed checks on these roads.

Cllrs LINDA HAWTHORN, RON OWER AND CHRIS WILKINS

Local Government

Havering Council has changed dramatically since 1978 when I was first elected as one of your Councillors. Until around 2002, there was a committee system on the Council which would meet every six weeks or so and decisions would be agreed at a Council meeting where all Councillors attended. Whilst we still have a number of committees ie Planning, Licensing, Highways Advisory, Scrutiny, the main business is now decided through a 'Cabinet System' where the Leader of the Council appoints 6/7 Cabinet members with specific responsibility portfolios ie Housing, Adult Care etc.

I believe being a member of Havering Council is an honour and a privilege especially for this area. Being a Councillor is very rewarding and fulfilling and with the huge advancements in technology, what used to take several weeks when I was first elected, can now be answered in hours. The amount of information available is incredible.

This area has an excellent tradition of electing Resident Association Councillors and recently our Secretary, Mike Long wrote several times in the Bulletin pointing out that we would be selecting candidates for next year's local elections.

If you had ever thought about standing in the future and would like to have an informal discussion please contact me.

Membership Manager(s) Needed

We are looking at new ways that we manage the Upminster and Cranham Residents' Association (UCRA) membership and how subscriptions are collected. During the past few years, and especially since COVID 19, there has been a significant shift to using IT systems. Therefore, UCRA will be trialling methods to collect membership subscriptions, which could include paying via credit card or using online banking. If you are interested in helping the UCRA and have good IT skills we would like to hear from you. Please contact **Chris Wilkins** on **07960 059195** or email at **bulletinra@yahoo.co.uk**.

Anyone who is interested in being considered or would like more details of what is involved and the selection process should contact **Mike Long**, the Hon. Refuse Collections

Following the article in last month's Bulletin, a number of roads whose collection should have been on a Thursday, were not collected until the following Monday.

We chased the Council on this and whilst a number of residents including me went to the tip, this is far from satisfactory. Please note the following that came back from the Council. We will continue to monitor this.

Dear Cllr Ower,

Serco continue to experience driver shortages, and whilst it appears the household collections are on track for completion today, the situation can change overnight. I can say that they have been actively recruiting drivers, however it is fair to say that they are regularly being "outbid" by other non-waste companies where HGV drivers are concerned, with a similar situation happening in neighbouring boroughs and many others elsewhere. Regarding last week's collections, they were not

completed on Thursday, but the crew were issued with the work on Friday, with the expectation that they were to complete that work first thing. Last week's further delay is therefore considered to be a crew issue, rather than a whole service issue, and the appropriate investigation is being undertaken by their supervisor. Should work not be fully completed on Thursday as scheduled, the relevant crews will be instructed to clear it the next day as a priority, and a message will be placed on the website instructing residents to leave the waste out.

Cllr RON OWER

Overgrown Hedges and Trees

In the spring and summer months, Councillors are regularly contacted about overgrown bushes, hedges and trees that are obstructing pavements. Havering Council will prune any that are on public or council owned land, but many are growing from private gardens.

It should be remembered that residents are responsible for ensuring foliage from their own gardens does not cause problems to pedestrians and vehicles, and the Council will contact them if a complaint is made. In extreme cases, enforcement action can be taken. For further information, visit the Council's website www.havering.gov.uk and search for 'trees and hedges'.

If you have a tree, hedge or bush that is overgrown and you are unable to prune it yourself, you can visit the Trading Standards Buy With Confidence website www.buywithconfidence.gov.uk/ to find an approved trader.

Cllr JOHN TYLER

Park Protection Service

The Council's Park Protection Service can be called if you see any problems in any of the Council's open spaces or parks. Please telephone **07904 805 872** email address parkspolice@havering.gov.uk.

Cllr RON OWER

Bottle Deposit Plan

Further to the articles on the high levels of rubbish the Country generates, there has been support from residents to help clear rubbish in their neighbourhoods. National media regularly reports that it is costing taxpayers over a billion pounds a year to clear litter and clean the bins. I understand that the Government will be consulting on the design of a deposit return scheme for drink containers. It works very well in Scandinavia where there have been deposit schemes for some time.

You do not have to walk far before seeing discarded plastic bottles. There are also regular reports on how plastic is now in the world's oceans. Our environment needs protecting. If the Government is serious about tackling plastic waste they need to act quickly. Do readers agree?

Upminster Windmill, Volunteer Gardeners Needed

Friends of Upminster Windmill need more volunteers to join our friendly gardening team to help maintain the lovely garden

adjacent to the visitor centre and the newly created wildflower areas.

The gardening team meets on Tuesdays and arrangements are flexible - people attend when they can and stay for a few hours or longer. New volunteers will be given guidance - experience not essential.

All volunteers are required to join the Friends of Upminster Windmill.

For more information please telephone **01708 229028** (answerphone) or email **marion@upminsterwindmill.org**

Please help us to maintain our local heritage - thank you.

Neighbourhood Watch Advice

We recently heard from the local Neighbourhood Watch network giving details of their latest "protect your car" campaign. Most car crimes occur as a result of cars being left unlocked, sometimes as a result on relying on self-locking systems or the

thought that thieves will not bother with older cars. Please ensure your car is locked (even in a gated front garden), valuables removed and remember both new and old cars are at risk. For cars with keyless ignition please consider a faraday pouch to store your keys and prevent unauthorised access to your car.

Congratulations

We are pleased to publish the following:

"On being demobbed from the Royal Navy at the end of 1947, I met my dear Elsie in The Winter Dancing Hall in East Ham at the end of November 1948. We courted and got married at St

George & Ethelbert's Church, East Ham. We eventually settled down in Upminster in 1956.

So this year we are celebrating our 70th Anniversary (Platinum) with family and friends at the Golf Club in Ockendon.

what they were doing in advance. Havering's Director of Public Health, Mark Ansell, provided us with the following information:

Calls are being made by Council staff on behalf of local GPs. The Clinical Commissioning Group has shared names and contact details of registered patients aged 50+ who haven't previously had one or both doses of vaccine but who aren't recorded as having formally declined. No further information about medical history has been shared.

Using Council staff enables NHS colleagues to focus on vaccination itself. These calls aren't necessarily welcomed, particularly by residents who actively do not want vaccination, but we can at least ensure that this is recorded by their GP.

Whilst local Councillors appreciate this work is worthwhile, we would have expected Havering Council to publicise what they were doing before they started, so that there was less likelihood of residents misunderstanding the nature of such calls.

Damaged Pavements – Parking Exemptions

There has been a huge amount of building work taking place locally which has given rise to a number of queries. Please see the following information obtained from the Council. I hope this assists.

Dear Councillor Ower,

Thank you for your enquiry in relation to fines for builder and parking exemptions.

Parking waivers can be used by a removal company, builder or contractor to suspend a parking bay for their use. They allow all day parking in restricted areas such as: resident bays, business bays, pay and display bays on yellow lines.

To apply they will need: details of the business, such as name and address, reason for the waiver, location of the waiver – where the work is being carried out, vehicle details, such as registration

number, make and model, address for the permit to be sent to, if that is different from the business address, the period the waiver should cover, documents confirming the works being carried out, such as a plan or invoice and a contact number for a member of staff to call and take payment.

The cost per parking space per day:

- 1 - 7 days £50
- 8 - 14 days £100
- 15 days and above £150

Waivers can be applied for at:

https://www.havering.gov.uk/info/20005/parking_permits/7/parking_bay_suspensions_formerly_waivers

The fine for damaged pavements is now £658.

Vanilla Bake Club is Back

Vanilla Bake Club is thrilled to be back on Monday, 20th September at 6.30pm. As our last event was in February 2020, it's been a long

and unanticipated break but we are really looking forward to seeing everyone again. To mark this special occasion we are having a Celebration themed event, so bake your celebratory best! Please note we are using a new venue. St Luke's Church Hall in Front Lane, Cranham.

If you haven't been to one of our events before, this is how it works. We all bake something, sweet or savoury and bring it along to share. There's plenty of tea, coffee and chat with a friendly crowd of regulars and you may even pick up a baking tip or recipe or two. At the end of the evening there's always lots of goodies to take home if you haven't managed to try everything. London Councils Lobby for Powers to Tackle Speeding

London Councils, who represent all of London's local authorities, have recently lobbied the Government to give Councils the power to enforce and issue penalties through civil powers, for speeding offences in roads with limits of 30mph or lower. In addition, Councils also want the right to run their own speed awareness courses.

Cllr Claire Holland, Chair of London Councils' Transport Committee, has said that "police enforcement is inadequately resourced and severely limits the ability of authorities to protect their residents from the negative safety impacts of poor speed compliance."

We will keep you updated if we hear of any further news on this subject.

Motorised Scooters and the Law

Local Councillors are regularly questioned about the current trend for using motorised scooters, and whether the local authority has any powers if they are used illegally. We asked Havering Council's Neighbourhoods Department for their advice, a summary of which is given below:

"The use of e-scooters in public open space is illegal and enforceable by the Police. Incidents of anti-social behaviour should be reported to the Police

via 101 (or 999 in an emergency).

The Highway Code states that they must not ride on a pavement intended just for pedestrians. The offence of riding on a pavement is punishable by a fixed penalty notice of £30. However, such a penalty is only enforceable by the Police and not by Council officers.

A personally owned e-scooter in the UK can be legally ridden on private land only, with the landowner's permission. Due to e-scooters being classified as "powered transporters", they are covered by the same legislation as motor vehicles and therefore would need to be insured, registered with the DVLA and taxed.

Residents can report via the Council switchboard or email ASBHavering@haverling.gov.uk. This will be picked up and tasked to the appropriate team to respond."

Animal Cruelty

Sadly animal cruelty still exists, but we are lucky to have the RSPCA organisation which takes care of our animals in a very measured way. People sometimes buy pets on impulse, and have not really thought it through, others think they are being kind, but sadly are not - resulting in overweight pets. Unfortunately there are also those cases where people are blatantly cruel, and are perfectly well aware of this. The sentence used to be very short, only 6 months, but this has increased to 5 years - hopefully more of a deterrent.

8 Biggest Scams and Frauds

We regularly warn readers to be careful when answering the phone. Scam calls and frauds

are increasing. Unfortunately the ones most likely to fall victim to fraud are those who live alone with no-one to look out for them, or who have dementia. See link below of 8 biggest scams and frauds targeting seniors.

<https://thevideoink.com/biggest-scams-frauds-targeting-seniors/>

Which Swim School?

In Havering we have more choice of swim schools than most areas of the UK with over 20 private swim schools at the last count – we are spoilt for choice. Choosing the right school for you is so important - ensuring your child's learning experience from the first lesson is the right one for them is a must as swimming is an essential life skill.

Council run facilities and school pools all strictly adhere to HSE rules and if the swim school you choose operates from one of these facilities the swim provider will have to adhere to the Pool Safety Operating Procedure. This includes emergency action plans and safe working. A full list of

approved UK swim schools can be found <https://www.swimming.org/swimengland/affiliated-swim-school-directory>

Word of mouth is often a good source too.

Cridders Swim School is based in Upminster and has been established for 20 years.

<https://www.criddersswim.co.uk/> If you are looking for swimming lessons for your child book your lessons today and begin your journey of aquatic fun.

New Safety Scheme for HGVs

In March this year Transport for London, together with London's borough councils, the freight industry and campaign groups, introduced a safety scheme for heavy goods vehicles.

Called the Direct Vision Standard, it is a requirement for all HGVs weighing more than 12 tonnes to drive in any of London's boroughs. Owners must apply for a free permit, which gives a star rating based on how much the driver can see through their windows.

Since its introduction over 135,000 permits have been issued and almost 69,000 heavy goods vehicles have been fitted with safety measures to protect people cycling and walking.

For further information visit tfl.gov.uk/ and enter 'direct vision' in the search box.

Branfill School Streets' Scheme Update

Since the introduction of the above Scheme, there have been ongoing parking problems and traffic congestion in adjoining roads. We recently met with the Council's Traffic Management team in Cedar Avenue/Southview Drive and adjoining roads, and they have agreed to look at a number of options to address these issues. Once these options have been developed, the Council will commence resident consultation in the roads affected by the changes, and we encourage those affected by the changes to respond to the Council. We will continue to keep you updated regarding the above in future editions of the Bulletin.

Noise Pollution from Damyns Hall Aerodrome

We have received the following
from a concerned local resident:

*Unfortunately, this summer's
weather has not permitted us to
sit outside as often as last year.*

*Yet, when we do get a chance
to sit in our garden for a nice
bit of peace and quiet, it does
not last very long as it is always
broken by the continual planes
from Damyns Hall Aerodrome.
Upminster area is in a flight path
for many small planes, air-liners
and helicopters, yet they are not
the problem. It is the constant
noise from the flight experiences
and aerobatic manoeuvres that
have been available via Skymax
and Damyns Hall Aerodrome's
websites. This can last all day on
Saturdays and Sundays and even
during the week as was the case on
Tuesday, 3rd August. The constant
noise of varying pitches, at different
volumes, some extraordinarily loud,
as the aircraft fly up and down and
round and round, below Corbets
Tey and the surrounding area. The
bi-planes are 90 years old and a
fixed wing aircraft does aerobatics
which consist of a 90 degree ascents,
with a 45 degree descent, followed
by four rolls and then flies upside
down. Flying aerobatics over
settlements and under 3,000 feet is
not permissible and this constant
and continual use of the same
airspace is the making of a potential
accident. Although the Damyns Hall
Aerodrome has a Noise Abatement
Policy it is never enforced and
enquiries about its operation have
been ignored by the Aerodrome.*

Ashvale Gardens - Parking and Congestion Issues

As mentioned elsewhere in the Bulletin, Upminster Councillors have been working with the Council's Traffic Management team. We recently met Council Officers in Ashvale Gardens and adjoining roads, and they have agreed to look at a number of measures to reduce the parking and congestion problems. Once this has been completed they will commence consultation with residents, and we strongly encourage those affected by the changes to respond to the Council. We will continue to keep you updated regarding the above in future editions of the Bulletin.

Cathedral Estate Neighbourhood Watch

One good thing to come out of the COVID-19 lockdowns is the community spirit of the residents on the Cranham Cathedral Estate. During the lockdown a Cathedral Estate residents WhatsApp was formed and this brought the local community closer together.

One of the most talked about subjects on this group was local crime and ensuring we all looked out for each other, and after catching three men trying to steal a

car, a new Neighbourhood Watch was set up covering the whole of the estate.

With the great help of PCSO Joanne Greateorex from the Upminster Policing team and Mike Winters of Neighbourhood Watch Association, we have managed to achieve our aim with well over a third of the residents on the estate currently signed up. Community spirit at its best!
